Profile Info

A striving multimedia specialist, eager to utilize my broad range of skills, gained through working on several projects. I seek to expand and enhance my expertise further in my journey.

My Education

2011 - 2017

Bachelors of Science (Hons) in Multimedia Technology

Middle East College

My Work Experience

2019 - Present

Multimedia Specialist

Milkyway-tech | KOM

Currently working as a multimedia specialist, specifically on designing websites, social media packages, animation, video editing and mobile app demos via Unreal Engine.

2018 - 3 Months

Full-time Internship

Ejaz | Ghubra

A comprehensive 3 month training for graphic design, branding and presentation.

2018 - 2018

Part-time Assistant

ShineMark | Mabaila

Worked in ShineMark as a part time job, where I was introduced to more sophisticated printing procedures and facilities.

2017 - 2018

Part-time Assistant

Masia Design | Al Hail

Worked on printing, graphic designing, video editing, social media marketing, clothing and other sublimation processes.

My projects & workshops

Sep 2016 - Dec 2016

Nizophiles

Graduation Project

A 2D/3D hybrid platformer story driven video game, featuring myself as the playable character, Middle East College as the level and teachers as NPCs.

Oct 2016 - Dec 2016

Muhabbara

Promo-video Production & Special Effects

In coordination with UNESCO & the Ministry of Education in Oman, I worked as part of a team for creating a professional promotional video.

Jun 2016 - Aug 2016

House Preview

House Preview Android Application

A 3D architectural visualization of homes, running on Android platform. Featuring touch control movement and UI-based camera sequences.

Jun 2015 - Jun 2015

e.Games ITA

e.Games Development Workshop

Worked as part of a team in a game development workshop conducted by the Information Technology Authority. Held in Crowne Plaza hotel, Muscat.

Sep 2014 - Present

Nizo Lanterns

Handmade Paper Lamps

Started as a simple crafting project, that gained popularity. It became a reputable workshop 3 times consecutively in Middle East College. Eventually became a self marketed small business.

Achievements

Won the best poster presentation design for the Multimedia Technology specialization in Middle East College. (Dec 2016)

Earned second place in ITA's e-Games Development workshop. (June 2015)

Awarded a gift in Middle East College MEC Acheiver's Day 2014-2015 event on (July 2015)
